COMPETITION FORMAT

In determining the format for the competition, NSGOC should aim to provide meaningful¹ competition experiences for participating teams. The suggested competition formats highlighted in this Annex are options that the NSGOC can consider when drawing up their fixtures. The selected competition format should be standardised within the same sport (i.e., across zones; and from year to year).

1. Grouping

The grouping approach should be determined based on the number of participants / teams in the competition, with the aim to allow teams to have sufficient playing opportunities while optimising resources (venue, officials, time, workload). Each group should comprise **3 to 5 teams** with the exception of a single round robin for 7 teams.

2. Seeding

Seeding is done based on the preceding year's results and the seeding approach will differ according to the competition format chosen based on the following table:

Table 1: Recommended seeding approaches for different competition formats

Zonal / Direct National Competitions	Pool – League Competitions	Other Competitions
Objectives of Seeding: <ul style="list-style-type: none"> To evenly distribute the top teams from the preceding year into different groups 	Objectives of Seeding: <ul style="list-style-type: none"> To group teams to increase opportunities for them to play with teams of relatively similar abilities 	Event-based Competitions / Individual Match-based Competitions_(e.g. Taekwondo (Kyorugi)) <ul style="list-style-type: none"> Adopt sports specific seeding approach that would meet the competition needs.

¹ Each participating team should minimally play 3 matches (i.e., cumulative across Zonal and National competitions; where applicable) in the course of competition. For **Pool** and League competitions, team should minimally play 6 matches (**with the exception of sports with 5 teams or fewer**). This is to allow for more equitable playing opportunities for all teams.

<ol style="list-style-type: none"> 1. The top 4 teams from preceding year's National results will be seeded and distributed to different groups. 2. The remaining quarterfinalists will then be seeded and drawn into the different groups. 3. 	<p><u>League</u></p> <ul style="list-style-type: none"> • Using Pool's result, the top teams will be seeded in different groups within each League. • The remaining teams will be drawn / placed into different groups. • Teams from the same group in the Pool Round will not be drawn / placed into the same group in League Round. 																

SUGGESTED CHAMPIONSHIP FORMATS FOR POOL-LEAGUE COMPETITION

Multiple-Groups Championship Format

NSGOCs should leverage on existing competition structures and mechanisms to implement a consistent seeding approach to seed and place them in different groups in the Pool Round using preceding year's results. Teams of similar ability are grouped together in all stages of the competition while ensuring porosity between leagues every year through promotion and relegation.

Council Approved Championship Structure

League – 64 teams (SSSC)

Example : For sports which have adopted the League system

Using preceding year's League result for seeding

For a competition with 3 Leagues of 24 teams, porosity to Pool round should be in place as shown below.

In determining the competition format after the Pool Round, NSGOCs should refer to the suggested competition format based on the number of teams in each league.
