COMPETITION FORMAT

In determining the format for the competition, NSGOC should aim to provide meaningful¹ competition experiences for participating teams. The suggested competition formats highlighted in this Annex are options that the NSGOC can consider when drawing up their fixtures. The selected competition format should be standardised within the same sport (i.e., across zones; and from year to year).

1. Grouping

The grouping approach should be determined based on the number of participants / teams in the competition, with the aim to allow teams to have sufficient playing opportunities while optimising resources (venue, officials, time, workload). Each group should comprise 4 to 6 teams with the exception of a single round robin for 7 teams.

2. Seeding

Seeding is done based on the preceding year's results and the seeding approach will differ according to the competition format chosen based on the following table:

Table 1: Recommended seeding approaches for different competition formats

Zonal / Direct National Competitions	Pool – League Competitions	Other Competitions
Objectives of Seeding: <ul style="list-style-type: none"> To evenly distribute the top teams from the preceding year into different groups 	Objectives of Seeding: <ul style="list-style-type: none"> To group teams to increase opportunities for them to play with teams of relatively similar abilities 	Event-based Competitions / Individual Match-based Competitions_(e.g. Taekwondo (Kyorugi)) <ul style="list-style-type: none"> Adopt sports specific seeding approach that would meet the competition needs.

¹ Each participating team should minimally play 3 matches (i.e., cumulative across Zonal and National competitions; where applicable) in the course of competition. For Tiered and League competitions, team should minimally play 6 matches. This is to allow for more equitable playing opportunities for all teams.
